Wedding Dresses by Enzoani
This bride got married at the end of 2015 and we are very excited to share that she got married in Boston, MA! She sent us this picture of her dress and the shoes (which were a huge part of the look) and it really did remind us of KISS! Before I tell you about her dress, I want to share this tutorial with you from Cat Beaudoin. Cat talks you through what she did and how she did it and the before pictures and

details are super cute. I am also giving away a signed copy of her new wedding dress book, 'We Could Be KISS-ing It!'. I asked her to sign it for me and also to kindly dedicate it to the KISS our brides club. If you'd like to have a chance at winning, just tell me in the comments below who your favorite KISS musician is. If you'd like to follow Cat on her blog, you can find it at: [Java: JSF 2.0 - Lazy ViewState with InitialValue](#) Is there a way to set

the value of the ViewState to an initialValue using the LazyViewState constructors? For example, I want to set the ViewState to null and then use the default constructor to instantiate a new ViewState when the bean is initialized. 82138339de
