FIFA Ultimate Team has been revamped with new in-game play features as well as a brand new look and feel. All 27 packs released this season - including the Star Players and Modern Legend packs - can now be unlocked via gameplay. The ability to carry over items from a single Ultimate Team Game to the next was also added to Ultimate Team, with the possibility to earn up to 10 extra players, up to two full teams or a star player. Additionally, players' Ultimate Team cases have been fully redesigned for the first time since the game's debut. The new MUT Picks feature provides a visual cue for buying packs of similar content, while the new MUT Cheat

feature provides a method for customising the appearance of custom content and can be accessed by entering cheat mode in any FIFA Ultimate Team game. Inside UEFA Euro 2016, every game features a host of new story and challenge modes. Prove you have what it takes to become European Champion as UEFA EURO 2016 comes to the UK, Spain and France from 10 June. Build your dream team for the most dynamic and authentic European football experience yet.

Total Union: The total union experience has been revamped with a new, streamlined format and offers a greater focus on the four pillars of UEFA EURO 2016 – including fan zones, live music, fan experiences and special events. Every fan will have the chance to meet the teams and legends of UEFA EURO 2016, including Cristiano Ronaldo, Neymar, David Alaba, Juan Mata and many more.

UEFA EURO CONTEST: The brand new contest mode challenges players to win the ultimate football tournament. Using the Ultimate Team feature, players will enter the

UEFA EURO 2016 Trophy Room and can take control of the tournament's 19 teams and their players, and play in real-time against other players. The competition winner will be crowned with the UEFA EURO 2016 Trophy and presented with an incredible prize package worth over €1 million. UEFA EURO 2016 LEAGUE: The official UEFA EURO 2016 tournament will see 32 teams battle it out, split into four groups of eight, for the chance to progress to the quarter-finals. Facing teams from the same group are the same side on both a home and away matchday, eliminating any possibility of getting a free ride into the last eight. Play in full 3v3 or 5v5 action against teammates online or in leagues where your progress is shared with your team.

FIFA is one of the most popular and iconic football video game series in the world. FIFA Ultimate Team, FIFA 22's fan-favorite mode, gives players unprecedented freedom to build and manage their own team of players using the latest team of legends on the planet. FIFA 22 also introduces new features and innovations in the areas of gameplay, AI and visual experiences. What does it mean to be Powered by Football™? Powered by Football is the result of a 3-year partnership with the National Football League (NFL) to deliver a new experience that is focused on delivering features that will be most rewarding for football fans around the world. What's New FIFA Ultimate Team FIFA Ultimate Team (FUT) brings you the ultimate freedom

to manage your very own team of legendary players, build a custom formation, play your own style of football and compete against other teams and friends. With FUT you can build a team from over 30 leagues around the world and play against players from any era. This game is unparalleled and has become the standard for football gaming. Break Out Passes Break Out Passes are initiated by the receiver who breaks free of the first defender in order to advance the pass or perform a skill move, a full body movement where the player executes a pass or skill move without letting the ball touch the ground. Off-ball movement has been improved giving players more options when receiving the ball. For example, a player can now make a Break Out Pass with the ball on the ground by taking an exaggerated step to the side of the defender, before swinging it up with a unique twist to

deceive them. While working with the ball on the ground, players can now perform tricks like front-foot flicks and jink runs to make a break away from a defender, while offering a variety of options when receiving the ball in all area of the pitch. Pass and Hold Pass and Hold is added to the two-way pass system and allows players to execute a pass at any point before the opposition player has touched the ball. The defender must hold the defender and pass and hold back or stop pressing forward. The defensive player will then have time to accelerate towards the ball and receive it cleanly, or time to cross the ball or throw-in. This mechanic has been added to the defensive back system, including the goalkeeper, and is reworked so that it affects both backwards and forward passes. The player can now accelerate towards the
