These are the best Photoshop tutorials for beginners and experienced Photoshoppers. How to Use Photoshop Tutorials? How to use Photoshop tutorial? Tips and tricks for design, photography, graphic, digital painting, vector graphics and creation of stickers I was asked a few times by my readers how to use Photoshop and what to use Photoshop for. So I decided to create this tutorial to guide you in the world of Photoshop. There are tons of Photoshop tutorials, the most asked question is "How to use Photoshop"? Below are some of the most useful Photoshop tutorials in the world: 1. How to add a new layer and select its color To add a new layer and select its color we start by opening Photoshop and creating a new document with the number canvas size of your choice. After setting the document size, we need to create a new layer. To do that, you must first save the image. With the new layer selected, go to Filters> Blur> Gaussian Blur and set the value at 50px. Then click OK. It is very important not to lose the layer. To do that, use Layer> Load Into Layers. After the layer is loaded into layers, click on the pop-up menu and then click on the color of your choice. How to add a new layer and select its color 2. How to add a new layer and use the Eraser Tool To add a new layer and use the Eraser Tool. First start by opening Photoshop, making a new document with the number of canvas size of your choice and after setting the document size, add a new layer. Go to Filters> Blur> Gaussian Blur and set the value at 50px. Then click OK. To apply the blur effect to the layer, make sure the layer is selected and then go to the toolpanel and click on the Brush Tool (the brush shown is the Eraser Tool). When the tool is selected, go to Effects> Blur> Gaussian Blur and set the value at 50px. You can vary the value to your liking. Click OK. Eraser Tool 3.
